

## Statistics on Religious Organizations in Japan, 1947-1972 (9)

This issue concludes the second half of statistics on the Shingon sects.

With this issue, we terminate the presentation of these statistics in the *Japanese Journal of Religious Studies*. The statistics themselves will continue to be collated, but instead of publishing them in this form, we wish to announce that interested parties may write this Institute and obtain them. A nominal charge will be made to cover the cost of reproduction.

NOTE: The symbol [...] means "no report received," and the symbol [—] signifies "does not apply." In the "clergy" columns, figures in parentheses [( )] refer to people of non-Japanese citizenship.
